A screenshot of the Microsoft Power BI desktop application interface. The ribbon menu includes File, Home, Insert, Modeling, View, Optimize, and Help. The Home tab is selected. The ribbon contains various icons for data management (Paste, Cut, Copy, Format painter, Get data, OneLake, SQL Server, Enter data, Refresh, Recent sources), visualization creation (Transform data, New visual, Text box, More visuals, Insert, New measure, Quick measure, Calculations, Sensitivity, Publish, Copilot), and sharing (Share). On the left, there's a navigation pane with icons for Home, Data, and Visualizations. A central workspace shows a 'Build' dialog box titled 'Connecting' with the message: 'Please wait while we establish a connection to https://www.microsoft.com/en-eg/store/top-paid/games/pc.' A 'Cancel' button is visible in the bottom right of the dialog. To the right of the workspace is a 'Data' pane containing a search bar ('Search') and a list of visualizations ('TopGames'). The bottom of the screen shows page navigation controls (Page 1, Page 2, +) and a status bar indicating 'Page 2 of 2' and a zoom level of '83%'. A watermark for activating Windows is present in the bottom right corner.

Part of the Series  
[Crypto ETFs: Everything You Need to Know](#)

Some of the most popular new investments focus on advanced technology such as artificial intelligence (AI), blockchain, and robotics.<sup>[1]</sup>

In the fast-evolving tech sectors, AI, blockchain, and robotics are on the shortlist of those most likely to be widely transformative this decade. Blockchain has been called by some a breakthrough technology as important as the internet. Robotics offer the potential for greater efficiencies that come with increased [automation](#), while artificial intelligence occupies a similar space.

Enter thematic ETFs, which are investments that target these sectors.<sup>[1]</sup>
